Annual Report

OF THE OFFICERS OF THE
TOWN OF OSSIPEE

FOR THE FISCAL YEAR ENDING JANUARY 31

...1919...

Annual Report

OF THE

OFFICERS

OF THE

TOWN OF OSSIPEE

For the Fiscal Year Ending January 31

1919

North Conway, N. H.:
REPORTER BOOK AND JOB PRESS
1919

Town Warrant.

First. To see what sum of money the town will vote to raise for decorating the graves of soldiers.

Second. To see what sum of money the town will vote to raise for the repair of highways in summer, and make appropriation for the same.

Third. To see what sum of money the town will vote to raise for the repair of highways in winter and make appropriation for the same.

Fourth. To see what sum of money the town will vote to raise for the repair and construction of bridges, and to see if the town will vote to build a bridge across Pine River.

Fifth. To see what sum of money the town will vote to raise for the destruction of gypsy and brown-tail moths and white pine blister.

Sixth. To see what sum of money the town will vote to raise for defraying the expenses of the town.

Seventh. To see if the town will vote to raise the sum of sixteen hundred and twenty-five dollars for trunk line maintenance, in order to receive four thousand eight hundred seventy-five dollars from the State.

Eighth. To see if the town will vote to raise the sum of five hundred forty dollars, for State aid maintenance, in order to receive eight hundred ten dollars from the State.

Ninth. To see if the town will vote to raise the sum of fourteen hundred seventy-six dollars, for State aid construction, in order to receive five hundred ninety dollars from the State.

Tenth. To see what sum of money the town will

vote to raise to improve the "Pocket Road" from Ossipee to the Chas. Tibbets place.

Eleventh. To see if the town will vote to authorize the Selectmen to hire money in anticipation of taxes and to allow them to make a discount for early payment of taxes.

Twelfth. To choose Town Clerk, Treasurer, Selectmen, Highway Agents, Auditors, and all other town officers and agents for the year ensuing.

Annual Report of the School Board

TO THE CITIZENS OF OSSIPÉE:

There are none more interested in the progress of our schools than parents themselves. To them especially therefore, with other interested citizens, we wish to address this report.

The year notwithstanding a great deal of sickness from measles and influenza has been one of progress and securing desired results. Immediately after the last school meeting the board divided the work among its members. One was to take charge of the supplies and the finances, another was to visit our schools and in a partial way do the work of the supervisor, the third was to take care of the repairs. We have found this to be a splendid way to perform our work and it has meant for efficiency and the greatest harmony. From time to time we have met as a board and all important changes have been talked over and if found necessary have been done.

Last June a class of seventeen pupils was graduated from our eleven schools. At that time every pupil who had covered the eighth grade work was allowed to take the boards examination in Arithmetic, English, Geography, History, Physiology, Civics and Spelling. The highest average mark that any one pupil received was 94.17 and the lowest 64.47. Several of these pupils took the examinations in four of the above mentioned studies and gained admission to Nute High School and Brewster Free Academy with rank slightly in advance of our marks. We do not claim our schools have reached perfection but we have fewer problems to meet than many schools in other communities of a like kind. Why do you imagine this is the case? Is it because we have superior teachers or do our pupils have superior mental ability? Per-

haps, we might say both, but added to this it may be due to the splendid interest our citizens have taken in the schools. From one of the secondary schools mentioned in this report a certain pupil completed her course, attaining the second highest rank ever secured since the school was established and the first highest rank was secured by a young man who still lives in our town. It is possible they received their foundation to build upon in our schools.

We have had no cases of truancy to investigate. On seven different occasions we have warned parents about keeping their children at home except on account of sickness. At the close of the school year we had 100 less tardinesses to report than the preceeding year. Two schools, Mountainview and Center Ossipee have been fortunate in having the same teachers during the year. In this respect our other nine schools have not been so highly favored. Granite has had two; Ossipee Valley, seven; Ossipee, four; Duncan Lake, two; Moultonville, four; Water Village, three; West Ossipee, three; Chickville and Mountain of one term, one; and Brown two terms, one. We are fearful this is to be our greatest problem in the future—the continuous service of our teachers we are anxious to keep. Even the warning has been sounded from the Concord office to make especial endeavor to keep the best at any cost. Continued service of teachers anxious to improve is sure to advance the standard of the schools. The laws of the state help a teacher in her work by providing visiting days and days for attending teachers' meetings. Our teachers are encouraged to take advantage of this and time used for this purpose should be considered as time well spent. These meetings are to the teacher what agricultural meetings are to the farmer. Our schools could naturally grade themselves into three classes of three schools each the salaries would be for each class \$15, \$13, \$12 for 36 weeks in the year and promote our teachers from the third class to the first class. It would be an incentive to better work and longer service.

This year the money raised was not sufficient. We discovered in the late fall that on account of the advance in teachers salaries and fuel we would have only \$400 to run the schools the last six weeks as we had intended. It could not be done so the board thought best rather than run in debt to make the school year shorter in these war times. Before this meeting our ten schools will have twenty weeks and if extra

funds can be voted fourteen weeks can be provided for the Spring term making a total of 34 this year.

Our repairs have been extensive. School houses like Water Village, West Ossipee, Ossipee Valley, Brown and Chickville have been transformed, new underpiuning, new floors, sheds, toilets and painting have been economically done. We still have in mind the comfort and health of those who spend the day in the school room and something ought to be done to make the heating and ventilating conditions what they should be. We strongly advise that the stoves in the schools be encased so as to make them ventilating stoves. This stove gives the room even heat and supplies a constant current of warm, fresh air.

Let us remember the words of a noted educator, "There is a fast growing idea that education is not merely a public necessity, but rather a public opportunity; that education is not a public charity, but a most profitable public business; that the important question is not at how little expense can this matter be handled, but, how much can be advantageously invested in this enterprise."?

Respectfully submitted,

DANA J. TASKER

DANIEL MCINTYRE
